

PARENTS

Our daughter is flourishing at Chaviva. Rikki is feeling challenged and appreciates being encouraged to explore new and innovative ways of learning in both Judaic and General studies. She is excited to go to school every day! As parents, we are deeply grateful to have strong educators and role models helping her reach her fullest potential. Chaviva pushes her out of her comfort zone just enough for her to truly rise to the occasion.

SHAYA & DASSI SHTERN

Being a Chaviva Bas Yisrael is about learning to live a meaningful Jewish life in the 21st century. Chaviva motivates her to overcome obstacles and exceed expectations. Chaviva instills in her the confidence and self-esteem to become a future leader. Today our daughter woke up under the weather, and she was despondent that she could not attend school even for one day. This is the love that is the Chaviva way!

BINYAMIN & FRAN HOEN

We are extremely thankful that our daughter has the opportunity to experience a high school that offers inspiration, opportunities for personal growth and a dedicated staff of individuals who are warm and caring.

Thank you Chaviva!

ANDY & ISA LEFKOWITZ

We are really impressed by how Chaviva is able to unite the girls into one friendly and motivated group that loves their school and their teachers. Our daughter loves attending her school, there are lots of interesting things that she learns every day and wants to share with us.

ELISHA AND NECHAMA KAMINSKI

Chaya looks forward to going to school each day. She loves the team atmosphere among the students and the warmth imparted by the faculty.

STUDENTS

One of the best decisions I ever made was coming to Chaviva. The teachers want to have relationships with each student. Their goal is for us to thrive academically, socially and emotionally.

HUVI GAYLER

The teachers and principals at Chaviva are very devoted and want to help us succeed. At Chaviva I feel like I can succeed and become a better person.

Yael EVANS

At Chaviva the teachers and principals believe in every one of us and care about us. I have learned that every day can be used to learn something new and grow as a person.

ODELIA KAMINSKI

Chaviva is both challenging and warm. Everything we learn at Chaviva has meaning. We learn things that apply to our lives in so many ways. The teachers care about our opinions and everyone is validated.

RIKKI SHTERN

I love Chaviva. I really learn a lot and feel like I'm growing. I love how we are all like one big family.

GRACE WEIMER

FACULTY

As a teacher at Chaviva, I am able to create dynamic classroom conversations with my students in an attempt to bring history to life along with collaboration from the administration as well as my fellow teachers. This school truly believes in growth mindset: that students will be supported to achieve all of their goals in and outside of the classroom.

MAGGIE LUCAS,
GENERAL STUDIES TEACHER

It's inspiring to work with a team of such forward thinking, creative and ambitious staff! Seeing how attuned Mrs. Berkowitz is to the Chaviva family is energizing. The sensitivity and sincerity intertwined in her work brings out the best in both staff and students alike.

AHUYA GRODKO, SOCIAL WORKER

Working at Chaviva High School is not a job - it's a philosophy. The philosophy is about educating our whole selves as teachers in order to reach the whole student.

RUCHI KOVAL, LIMUDEI KODESH TEACHER

At Chaviva, we are able to focus on the needs of each individual student, help her recognize areas for growth and encourage the process. Being part of this is an incredible privilege for which I am grateful each day.

ELISSA CHANALES, ASSISTANT PRINCIPAL
AND LIMUDEI KODESH TEACHER

What I love most about working at Chaviva is being part of a team who is committed to working together to make sure that each student is engaged, supported and challenged, and whose goal is for each student to succeed on her own level.
